Control

The factory production control (FPC) is monitored by an independent inspection body.
Control agreement: 210-17-0103, Inspection body: RISE Research Institutes of Sweden AB.

When the building proprietor performs inspection at the building site, he shall check the markings to ensure that the correct products have been supplied and that they are used in accordance with the requirements stated in the approval and the associated documents. He must also check that the product is accompanied by a manufacturing assurance, which certifies that the product has been manufactured in accordance with the documents on which this approval is based.

Manufacturing place

Production control includes the following place:
FM Mattsson Mora Group AB, Mora.
