

**DISANO BY HARO – THE DESIGN FLOOR FOR HEALTHY LIVING.**

## STYLISH, DURABLE AND EASY TO MAINTAIN – DISANO BY HARO

Design floors are high on trend – and with good reason: they are durable, look good, and come in appealing wood styles. DISANO by HARO impresses not only with its look of real wood and its trendy appearance, but also has much more to offer. DISANO by HARO is a high-quality synthetic floor that is 100% PVC-free, without plasticisers or heavy metals. Its sophisticated five-layer structure offers many convincing characteristics that make it an excellent floor for a stylish and healthy living environment.

### RESILIENT

The decorative layer, in combination with the special semi-flexible pressure distribution layer and integrated cork insulation layer, ensure pleasant walking.

### WARM TO THE TOUCH

All the materials used to manufacture DISANO flooring have been carefully selected to ensure a healthy living environment. Structured in multiple layers they make DISANO flooring warm and pleasant to the touch.

### DURABLE

Due to its durability, DISANO is suitable for residential applications with high traffic and for commercial applications with medium-level traffic.

### EASY TO MAINTAIN

This innovative floor covering is designed to meet the demands of everyday life: with clean & green active it is very simple to clean.

### PVC-FREE

The Blue Angel eco label and the Eco-Institut certification confirm: DISANO is the PVC-free alternative to vinyl flooring.

### GOOD-LOOKING

DISANO by HARO is available in the trendy large-size plank format. This floor will make a strong impression in any setting.
