one of a kind

"I'm a unique individual, with a unique personality. A leader, not a follower. My home reflects this. I insist on surrounding myself with fabrics and furnishings that reflect my personal taste and my attitude to life. Flooring is crucial. It sets the tone as soon as you enter a room. I chose Krono Original® flooring. It has style, is easy to lay and is perfectly simple to care for. It ticks all my boxes."

Krono Original® Floors that live up to your lifestyle.

Welcome to our world

From Kronoflooring comes a world of inspiring ideas. As one of the world market leaders, we constantly develop new floors and new ranges. From beautifully reproduced wood grains and stunning imitations of stone surfaces to a panel concept that creates a seamless look with almost invisible joints, which we call Endless Beauty.

that's why it's the favourite
laminata flooring

Decor featured:
8525 Highway

You will appreciate the features of our flooring. Easy installation, A.B.C. Anti Bacterial Coating, Endless Beauty look or Handscraped effect are just some of the strengths of Krono Original®.

Guarantee

All Krono Original® laminate floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we grant an extensive guarantee with every product. You can be rest assured that, whatever range you choose, it's going to be easy to maintain and will give you enjoyment for many years to come.

Stain and imprint resistant

Whatever you might spill, be it red wine, oil or jam, don't panic; it can be easily removed. Krono Original® is also abrasion resilient, robust and proven to be one of the most resistant floorings available, even heavy furniture won't leave an imprint. Please use felt pads for your furniture and ensure that swivel chairs are fitted with soft castors.

Twin Clic

The Krono Original® Twin Clic system has been specifically designed to make fitting your laminate flooring as easy and hassle free as possible. The Clic and groove profiles allow individual panels to be joined together quickly with minimal tools or complications.

1clic2go

Even in hard to reach places like corners, doors and under radiators, the ingenious "1clic2go" system makes installing Krono Original® floors simpler and faster than ever. The tongue & groove joint along the length of the panel is placed in position from above and fixed flush with the adjoining panel. The panels are then securely interlocked as the patented "1clic2go" beading latches into position with an audible click. Quick. Easy. Secure.

Multi Patent Indemnity

Enjoy 100% security with multiple patent protection for all our products! In addition to the Kronoflooring patents, this Multi Patent Indemnity certificate provides extensive protective rights for VÄLINGE INNOVATION AB international and a choice of UNILIN patents worldwide. This involves assured, unrestricted product use of the glue-free click system for the trade.

TÜV

Regular independent quality checking via external testing and auditing of the production process as part of the quality assurance system of Kronoflooring.

Anti-slip classes

Safety is something we put great emphasis on. Classification in anti-slip classes (R9 and R10) has been achieved through specially developed surface structures, which address the requirements for floor coverings in the workplace and

commercial areas where a high risk of slipping is present.

A.B.C. Anti Bacterial Coating

We know that keeping your floor as clean as possible will be important to you and that means minimising the risk from germs. We can't see germs, but we all know the problems they can cause if left unchecked. Allergies can be aggravated and illness can result, which is why Krono Original® has introduced A.B.C., Anti Bacterial Coating that does not allow for germs to grow on your flooring. Germs can be present on a floor from many sources such as shoes, spills or animals etc, but Krono Original® A.B.C. Anti Bacterial Coating, works alongside a hygienic cleaning regime, to create peace of mind and a healthy environment.

Endless Beauty

Continuity of decor and structure from panel to panel. In addition to almost invisible joints at the panel's short side, this feature creates the look of never ending planks and leads to a visual enlargement of your room.

Diamond Gloss

The high quality of the Authentic Embossed texture is enhanced further by the addition of contrasting multi gloss levels from deepest matt to glossy elements, which reflect the light differently as you move around the floor. It emphasises the depth of the structure and illustrates the character of natural wood perfectly.

Handscraped

A breathtakingly elegant and realistic oiled wood finish, with gentle irregular undulations, inspired by traditional Amish craftsmanship. The soft matt surface replicates the hardwood area of solid flooring gently polished over time due to footfall. Meanwhile the deep matt pores are highlighted with glossy accents.

Microscratch Protect

This especially durable surface will protect your floors even better against micro-scratches which can occur through heavy use. With Microscratch Protect, your flooring will have the best possible protection against everyday wear and tear.

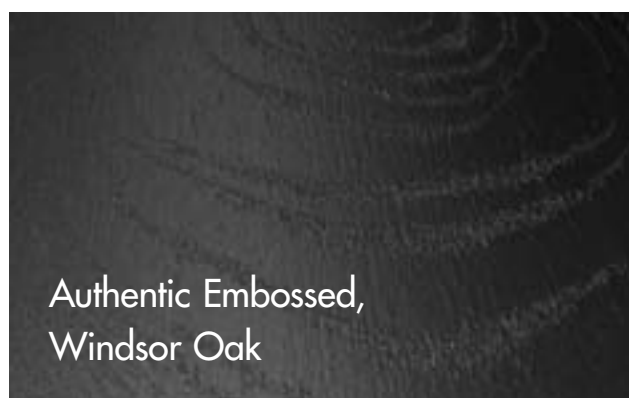

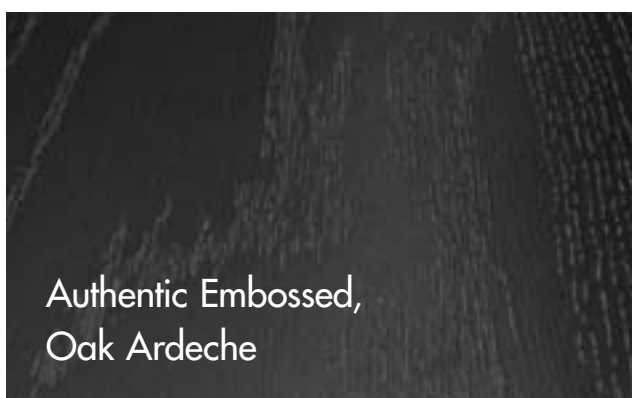

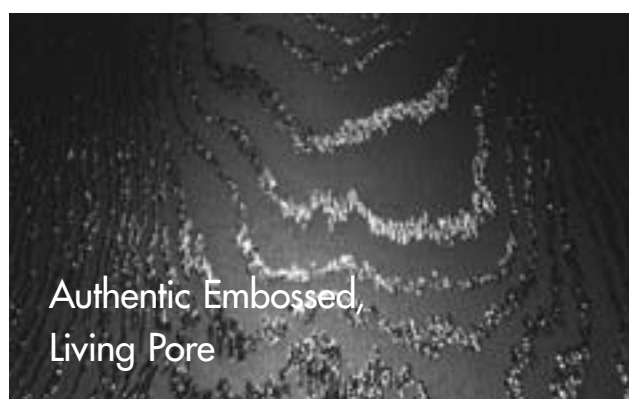

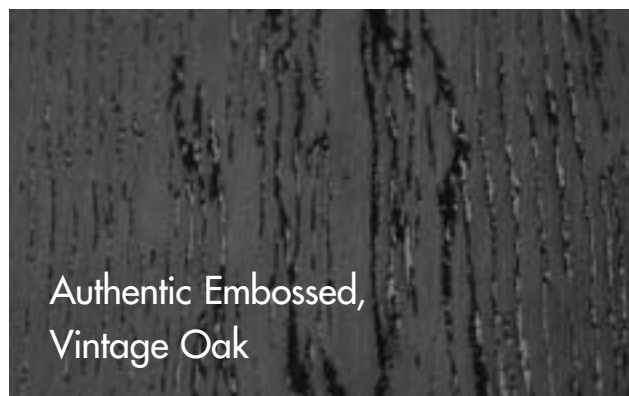

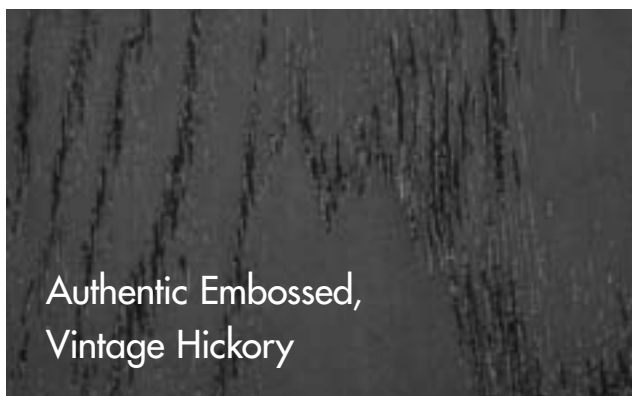

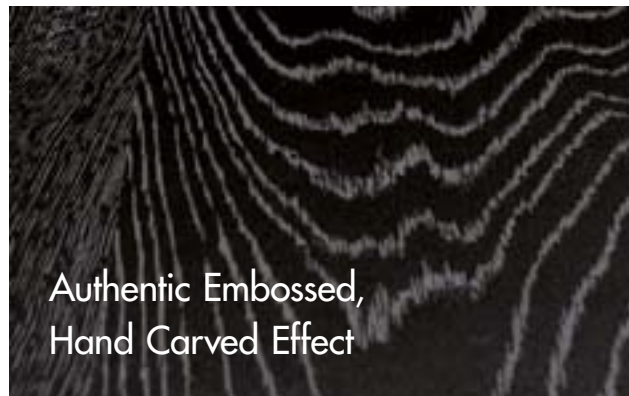

Eco Friendly

All Krono Original® floors are environmentally friendly as standard made of 95% wood sourced from sustainably managed forests. What's more, the entire production chain – from raw materials to the finished product – has been certified and is regularly inspected by independent experts, ensuring peace of mind for you – and protection of our environment.

* Statement on level of emission of volatile substances in indoor air posing a toxic threat during inhaling - on a scale from A+ (very low emission) to C (high emission).

Structure & textures

Krono Original® flooring is a joy to live with. Our stylish portfolio of surface textures is created for longlasting comfort. Above all, Krono Original® floors are beautifully simple to keep clean, just a quick wipe whisks away allergy-causing dirt and dust.

8467 Weathered Oak

Generous new dimensions.

Large rooms look best if you allow them space – and not least on the floor. Our generously sized extra-long floorboards will give your room a sense of vastness and grandeur. Generous new dimensions. Vastness redefined. A glamorous look for rooms that are not only large, but project majesty. The highlight: a breathtaking matt brushed look surface, with glossy synchronised pores, as a testament to your firm sense of style and exquisite taste. Flooring designed to look and feel like a genuine wood floor: a mark of true greatness.

Elegant long planks in traditional solid wood format.

Sometimes size really does make the difference – for example when it comes to the new Krono Original® Variostep Long laminate parquet. At its striking length of 2 meters, this flooring has the style and grace of genuine solid wood flooring. Available in a rich selection of exquisite decors, all featuring a stunning natural looking wood structure, Krono Original® Variostep Long is designed to impart a traditional ambience that will bring an elegant flair to any home or business.

microscratch protect

“Worried about scratches? Not me! Thanks to microscratch protect, my floors hold up to even heavy use and can reliably withstand the wear and tear of everyday life. The durable surface is so much more resilient than that of conventional floors! Even our cat loves it – his lively play can no longer scratch our floors, and so doesn’t bother us. All-in-all, it’s great! Perfect for cute little paws with claws!”

Narrow planks with the broad appeal of handscrape.

The Krono Original® Vintage Narrow plank gives each room a special charm: one of the characteristics of this floor is the handscrape effect surface, which gives the impression that the floor has been handcrafted in the traditional Amish method. The matt brushed surface with lustrous synchronised wood pores reproduces the naturally beautiful structure of real wood. The time-worn look of the gently undulating surface sets the perfect stage for a relaxed vintage look: old treasures, design classics and retro accessories, require a classy, expressive yet conservative floor, to create the right environment to show their true character.

The authentic look of handsculpted planks.

Since the traces of time are precious and beautiful, the vintage style will not only be in line with the current trend but will also give your home a special atmosphere. The Krono Original® Vintage Classic floor is the perfect basis for an exciting mix of old and new. The surface which appears to be sculpted by hand gives the floor a robust, uncomplicated elegance. Not only do old and new make for a perfect combination – but so do the “Vintage Classic” and “Vintage Narrow” floors, which can be laid in mixed widths together; allowing you to create a truly individual space.

anti bacterial
coating

Peace of mind

“Cleanliness is important, especially if you’ve got little ones running around. That’s why I chose Krono Original® with Anti Bacterial Coating. We can’t see germs, but we all know the problems they can cause if left unchecked. Allergies can be aggravated and illness can result. A.B.C. does not allow for germs to grow so that I can rest assured my family and I are protected from any nasty surprises”.

The authentic look of stone and tiles.

Bring a taste of the Mediterranean to your home with our Castello XL Stoneline range of laminate flooring. Created by expert Milanese designers, Castello XL Stoneline creates the stunning effect of a beautifully laid stone floor without the painstaking task of laying individual tiles. What's more, the tiles even give off the appearance of being grouted. We think it's pretty impressive and we're sure you will too.

castello XL stoneline

AC4, Class 32, 8 mm

Key Features:

- 20 year guarantee

Rustic plank effect for a finer lifestyle.

The exquisite Castello Classic floor perfectly emulates nature. With its realistic rustic texture and subtle surface structures you can actually feel, it's almost impossible to tell the difference from actual wood. But, unlike the real thing, Castello Classic is easy to care for and keep clean, giving you enduring beauty for many years to come.

friend of the earth

"I won't compromise my principles. When I buy something, I want to be sure it comes from sustainable sources. So I checked out Krono Original® floorings and found out they use timber from responsibly managed forests. I trust them because, being one of the world's leading manufacturers of laminate flooring, they have a sustainability policy which commits them to reducing their impact on the environment. Which means I can update my home with renewable materials."

- Tested for harmful substances
- Quality criteria tested
- Abrasion resistance tested

* Statement on level of emission of volatile substances in indoor air posing a toxic threat during inhaling - on a scale from A+ (very low-emission) to C (high-emission).

Accessories for the perfect finish

Skirting boards

Choose from a range of skirtings in various decors to suit all Krono Original® floors. Our easy fixing systems make it quick and simple to achieve a perfect installation.

K40 Clip-Strip
2600 x 40 x 22 mm

K58C Clip-Strip
2600 x 58 x 18 mm

Trendy skirting board, shaped
2600 x 70 x 17 mm
2600 x 100 x 17 mm

Corner pieces

Available for skirting systems K40 and K58C.

Outside corner
Inside corner
End piece

Mounting parts

Suitable for skirting K40/K58/K70.

15 meter skirting boards can be easily and professionally fitted with the contents of one packet. The set is supplied complete with screws and wall plugs.

Underlays

Depending on the situation in the room, attention must be paid to the correct underlay material when laying the floorings.

POR 1.5

Very hard-duty high-tech acoustic mat with outstanding properties in every respect / in all areas. Material: highly mineral filled polymers. Due to the extremely low thermal resistance, practically no effect on the time taken for underfloor heating to heat up. Integrated moisture protection with $sd > 200 \text{ m}$.

WOOD 5.0

This insulation panel is made from wood fibres and is especially suitable for thermal insulation. But is unsuitable for rooms with underfloor heating. Because of its high wood content, a PE foil must be laid underneath it for moisture protection.

XPS 5.0

5 mm thick panels from extruded polystyrol. Excellent insulating properties and high impact noise reduction. Levels uneven patches of up to 4 mm.

Floor profiles

Floor profiles enable you to create smooth crossovers between different rooms or floorings. End profiles also ensure perfect edge finishes.

Threshold profile

For level floorings. For screw or click-in fixing. Anodised in 3 modern colours or covered with high-quality wood decor films.

900 mm or 2700 mm

End profile

For clean finishes and joints at walls and other boundaries. For screw or click-in fixing. Anodised in 3 modern colours or covered with high-quality wood decor films.

900 mm or 2700 mm

Ramp profile

For different level floorings. For screw or click-in fixing. Anodised in 3 modern colours or covered with high-quality wood decor films.

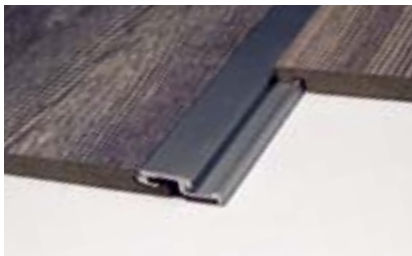

900 mm or 2700 mm

Special profiles

Floordreams cable link floor profile set

The aluminium cable routing system, especially designed for Floordreams floors, is directly integrated in the flooring system. Easy to lay, no screws and no drilling necessary. No misalignment or level offset.

Design tongue edging

Simple decorative element for clicking into the Twin Clic joint. For separating different floorings or simply as a decorative element.

Flatlink

The profile, developed for the Twin Clic joint, enables an expansion joint to be inserted in the flooring virtually flush with the floor and without annoying trip hazards caused by raised edges. Easy to lay, no screws and no drilling necessary.

Further laying accessories, cleaning and reparation sets, moldings and profiles you will find in our accessories catalogue „add2“.
