

The smartest, most powerful Neato robot vacuum

With the intimate know-how to clean your home as carefully as you would. So you don't have to.

neatoKNOWS
Cleaning on the go.

Clean anytime, from anywhere with the Neato mobile app—start, stop, pause, schedule, and receive notifications wherever you are.

Cleans with Neato's strongest pickup power

Neato's most potent suction, ultra-performance filter and advanced brush system captures 2x as many small particles and picks up more pet hair than other bots.

Navigates with superior thoroughness and speed

Only Neato uses laser navigation to continuously scan multiple rooms for the speediest, most thorough and careful clean. The D7 even works in the dark.

Handles corners, crevices and carpets with ease

Neato's exclusive D-shape with CornerClever™ design allows for an extra-large dirt bin and a 50% wider edge-to-edge cleaning brush, so Neato can get deeper into corners and closer to walls.

Works self-sufficiently for more convenience and worry-free upkeep

Neato's efficient mapping and long-life batteries help Neato clean more floor (up to 5000 sq ft/465 sq m) than other robots on a single cleaning cycle. If it needs more power, Neato will automatically return to recharge and head back out to finish the job.

Refer to the Neato Robotics website in your country for available features on specific models.

Featuring the latest innovation in cleaning intelligence and convenience

Specifications

Robot Dimensions:

33.5 cm w x 32.1 cm l x 10 cm h
13.2" w x 12.7" l x 3.9" h

Package Dimensions:

39.6 cm w x 56.9 cm l x 13.7 cm h
15.6" w x 22.4" l x 5.4" h

Package Weight: 7.26 kg. /16 lbs.

Package Contents

Wi-Fi Enabled Navigating Robot Vacuum
Integrated Charge Base & Power Cord
High-Capacity Lithium-Ion Battery
Spiral Combo Brush
Side Brush
Ultra Performance Filter
Boundary Marker
Brush & Filter Cleaning Tool
User Guide

Introducing FloorPlanner™

Spend less time prepping the room for vacuuming. Use your smartphone to set "No-Go" lines and create virtual boundaries around places you want the Neato to avoid.

Stay connected through your phone and smart devices

Start or schedule Neato to clean any day at whatever time - even when you're not home - and view a cleaning summary with CoverageMap of where the D7 has been. All using the free app.

Even control your robot with Apple Watch, Amazon Alexa, Google Home, IFTTT, Facebook Messenger and more.

New and improved in the Botvac Connected D7

Durability: New metallic finish resists scratches and dings

Connectivity: Now with 2.4GHz and 5GHz Wi-Fi for easy connections to modern routers.

Performance: Ultra-performance filter, turbo mode and Spiral Combo brush - our most advanced SpinFlow™ with Deep Clean.

Usability: Improved LED interface plus Neato Mobile App v.2.0 with new look, alerts and enhanced cleaning summary.

Future proofing: Updateable via Wi-Fi for easy updates to features and compatibility.
