

a good companion for rough cleaning and DIY projects

The Multi II - the second generation of Multipurpose vacuum cleaners - offer a filter cleaning indicator on all models. This is a warning telling you that the vacuum is loosing performance and it is about time to clean or replace the filter.

The Multi II also offers a Push&Clean function to clean the filter. This function is a semi-automatic method of cleaning the filter by creating an airwave hitting the filter from inside out.

The combination of filter cleaning indicator and Push&Clean function makes this machine a truly unique offer. Together these features ensures a consistent high cleaning performance.

- Filter clean indicator
- Push&Clean, a semi-automatic filter cleaning function
- Sturdy build with a robust 1200 W engine for long life
- High suction power
- Blow function
- 22 l container with good net filling capacity
- Polypropylene container for easy cleaning
